It was a very fortunate day for us when we contacted Malcolm Davies & Sons to dismantle and then rebuild our decidedly shoddy boundary wall

What a pleasure it is to find a company that delivers not only what has been agreed but who surpass all expectations.

The work was carried out with great expertise, we were treated with every consideration and our property was treated with great care.

We have many comments by friends and neighbours on the quality and superb finish of the work done. Our neighbours were also impressed by the quiet consideration they were shown when the work was being carried out.

Why can't we have more firms like Malcolm Davies & Sons?
